Artistic Touch I

Artistic Touch III

Texas Watercolor Society's "Fifty Years of Excellence"

Artistic Touch presents the work of over 65 outstanding artists.

Each of the artists explains the ideas and techniques they use for painting their unique visions. The subject matter includes abstracts, figures, still-life, and landscapes. Nancy Fortunato has a full-color page of a watercolor of one of her birds. She describes her vision and very unusual painting technique.

Artistic Touch III is Chris Unwin's third book featuring a collection of over 110 contemporary artists.

The artists included in this book comment on their work in their own words. Nancy Fortunato's work is another full-color page of her unique impressions in watercolor. The work chosen is a watercolor done entirely without the use of a brush.

Texas Watercolor Society's "Fifty Years of Excellence" book is a compilation of 125 signature members of the Texas Watercolor Society.

Each artist has a full-color page devoted to their work. The watercolors are all very unique. Nancy Fortunato has a page describing her working techniques. This is a limited edition printing and was issued in 1999 to honor of Texas Watercolor Society's Fiftieth Anniversary.

Pre-order any of the books listed here, and send your payment via check or money order for your purchase.

An order form is provided below. Make sure that you fill it out completely. Indicate if you are interested in any future books that would include the artist's work, and a new edition of an out-of-print book by the artist titled, "Watercolor Tips and More", available later in 2000.
